

AOC/Sediments Chapter
Attachment 4

Goals: By the end of 2010, 10 AOCs should be delisted (restored).
All known contaminated sediment sites in the AOCs should be remediated by 2020.

AOCs that could be delisted or in Recovery Stage by 2010:

Oswego River, NY
Presque Isle Bay, PA
Ashtabula River, OH
Muskegon Lake, MI
Deer Lake, MI
Manistique River, MI
Torch Lake, MI
Waukegan Harbor, IL
Menominee River MI/WI

U.S. side only delistings/Recovery Stage for the following binational AOCs:

St. Marys River, MI/ON
St. Clair River, MI/ON
